Key Questions to Ask Your Financial Professional

**Given my financial situation, should I choose a brokerage service? Why or Why Not?
How will you choose investments to recommend to me?
What is your relevant experience, including your licenses, education and other
qualifications? What do these qualifications mean?**

What fees will I pay?

The Issuer of securities offered in a Private Placement will pay a sales commission directly to Blue Sand Securities LLC. Because we are being paid a commission, we have an incentive to encourage an investor to invest in its offerings. This commission is not paid directly by you but is part of the offering price and paid by the issuer from the proceeds of the offering and still causes a conflict between your interests and ours. Commissions, fees and costs are discussed within the Private Placement Memorandum for each investment, which you should read carefully.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

**Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest,
how much will go to fees and costs, and how much will be invested
for me?**

What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have?

When we provide you with a recommendation, we have to act in your best interests and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations we provide you. Here is an example to help you understand what this means:

- Our services as a broker-dealer cover a limited selection of investments. Other firms could provide a wider range of choices, some of which may have lower costs.
